UJJAWAL SHIV

Bhopal | +91-9284936365 | ujjawalsistec00@gmail.com | https://www.linkedin.com/in/ujjawalshiv

Aspiring Data Analyst skilled in Python, SQL, Excel, and Power BI, with hands-on experience in data cleaning, analysis, and visualization. Proficient in building dashboards, automating reports, and uncovering trends to drive data-driven decisions. Strong foundation in statistical analysis and business reporting with a passion for solving real-world problems through data.

TECHNICAL SKILL

- **Programming**: Python (Pandas, NumPy, Matplotlib), SQL, JAVA.
- **Tools**: Power BI, Excel (PivotTables, VLOOKUP), Tableau.
- **Database**: MySQL, SQL Server.
- **Analytics**: Data Collection, Data Cleaning, Data Validation, Regression Analysis, A/B Testing, Machine Learning, OOPS Concepts.
- **Other**: Selenium, TestNG, Junit, Test Engineer.

EXPERIENCE

Data Analyst Intern – Netlink Software Group America Inc. Bhopal, India *April 2025 – Present*

Title: Government Sector Project.
Technology: Lumenore, Power BI, SQL, Maria DB, Vertica, DBeaver.

- Designed and developed multiple interactive dashboards with diverse KPIs and visualizations, improving actionable insights by 30% and enabling better data-driven decision-making.
- Worked on data integration by loading data from source databases into the data warehouse, performing transformations, and applying SQL queries to generate desired outputs.
- Collaborated with BI teams to define and track business objectives, while analyzing database structures to design and calculate KPIs.
- Performed ETL operations to transform raw data into structured formats for analysis and developed workflows using components from the Data Integration unit.
- Worked on projects related to demand and collection of various taxes (Property Tax, Water Tax) across divisions and Cities, along with analysis of multiple government schemes.
- Designed and developed 30+ interactive dashboards with diverse KPIs and key business insights, enabling data-driven decision making for stakeholders.

Title: E-gaming Agency, Saudi Arabia.

Technology: Lumenore, SQL, Excel, Snowflake, Vertica.

- Developed and implemented 5+ custom dashboards tailored to organizational needs, improving reporting efficiency and visualization clarity.
- Developed dashboards and visualizations that delivered 70% more meaningful insights, enhancing understanding and decision-making for stakeholders.
- Developed Business Requirement Documents (BRDs) to capture and analyze detailed business solutions, ensuring clear understanding and alignments.
- Worked closely with cross-team members in daily stand-ups to update dashboards and address evolving business needs.

Title: Blur Face Detection.

Technology: HTML, CSS, JavaScript, MongoDB, Machine Learning.

Developed a real-time face detection system for the local police department that identifies criminals by deburring blurred or degraded images. The system enhances public safety by enabling faster and more accurate identification, while maintaining compliance with privacy laws. This project demonstrates the integration of computer vision techniques with ethical considerations for privacy.

EDUCATION

Bachelor of Technology
Sagar Institute of Science Technology and Research, Bhopal MP.
Branch: Artificial Intelligence & Machine Learning (2022-2025) ***CGPA: 8.10***

Senior Secondary (XII) – MHSBE
Dharmpeth M.P Deo Memorial Science College, Nagpur. ***Percentage: 74.14%***

Matriculation (X) – MHSBE
Sarswati Shishu Mandir School, Nagpur. ***Percentage: 80.40%***

CERTIFICATIONS | WORKSHOPS

- Attended a 2-day workshop on **Data Analytics** Organized by **Geeks of Gurukul** at SISTec-R, Ratibad Bhopal.
- Attended a 15-day workshop on **Test Engineer** by **ICT Academy** at SISTect-R, Ratibad Bhopal.
- Completed **Lumenore** Course with its Certifications.

CO-CURRICULAR ACTIVITIES

- Participated **SISTec Innovation Hackathon 2.0** organized by SISTEC-R, Ratibad, Bhopal.
- Participated in **Summer of Code** at Euphoria 2023.
